Scott County of Iowa is requesting quotations for the attached bill of materials. This bill of materials is associated with an upcoming network infrastructure upgrade project at Scott County.

A separate request for proposal is being issued for the implementation of the hardware listed in this bill of materials. Vendors are welcome to supply bids for both components of the project.

Bidders must hold a valid Cisco Certified Reseller certification and provide proof of this status to be considered.

We are asking for five-year maintenance terms on all items that have associated maintenance line items. Cisco requires that DNA center be purchased for the first three years by default. We are also asking that vendors supply a cost option for five years of DNA Advantage licensing.

Scott County reserves the right to change quantities and remove items from the final submitted bill of materials as we see necessary. We also ask that vendors supply a duration of time during which the prices for the items are "locked in" in the event we need to increase counts or purchase more of items during the implementation phase of the project.

Please contact Sam Samara with Scott County Information Technology at 563-328-3271 or by e-mail at samuel.samara@scottcountyiowa.gov with any questions concerning this request for quotation. Deadline for questions is July 1, 2021 at 10:00a.m., questions and answers will be posted on July 2, 2021.

Submissions are to be returned to www.publicpurchase.com.

RFP Deadline: Monday, July 12, 2021, 9:00 a.m.
