JUVENILE COURT SERVICES	
Juvenile Detention	152
NON-DEPARTMENTAL	
Court Support Costs	154

SERVICE AREA: Court Services	PROGRAM: Juvenile Detention (22B)
ACTIVITY: Court Proceedings	ORGANIZATION: Juvenile Court Services

PROGRAM MISSION: To ensure the health, education, and well being of youth through the development of a well trained, professional staff.

PROGRAM OBJECTIVES:

- To have no escapes from Juvenile Detention.
- To maintain cost per client at \$175 with exception of cost recovery from out-of-county clients.

PERFORMANCE INDICATORS	2001-02 ACTUAL	2002-03 PROJECTED	2003-04 REQUESTED	2003-04 ADOPTED

3. Average daily detention population as a percent of facility capacity	70%	80%	81%	81%
4. Average length of stay per resident (days)	8	9	10	10
5. Revenues collected	\$96,421	\$136,640	\$177,835	\$177,835

ANALYSIS:

<p>Total FY04 appropriations for the total department is recommended to increase 7.5% over current budgeted levels. Non-salary costs are recommended to increase 26% over current budgeted levels for the total department. Revenues are recommended to increase 23% over current budgeted amounts for the total department.</p> <p>Revenue changes reflect a projected increase in care and keep charges. The Center will be at 16 beds March 03, leaving ample space for out-of-county usage. Center reimbursement should be high, as it will be reimbursed for a percentage of total budget, including the previous years' construction costs. The Center will also receive an increased reimbursement from the Department of Food and Nutrition based on an increasing number of residents who have meals there.</p> <p>During 2002-03 miscellaneous revenue was projected at \$187,602, offset by increased expenditures due to the expansion of the facility. This was done so a property tax increase would not be necessary. We were unsure of staffing needs for the expanded</p>	<p>facility and when it would be at capacity to house both Scott County and out-of-county clients.</p> <p>A primary reason for appropriation changes from current budget levels is the increase of 2.8 FTE's as a result of expansion. Every effort will be made to keep expenses to a minimum by using part-time staff to fill positions and by adjusting staff on duty relative to the number of residents admitted. As residents increase from 10 to 16, food costs will also increase. Service contracts remain a growing issue with FY02 near \$20,000.</p> <p>Demand indicator (D1) Persons admitted is projected to go up to 500 residents due to an increase in bed capacity. (D.2) Average daily population will also increase accordingly. (D.3) Days of out-of-county client care are projected to go to 500 days. Other counties will be aware that bed space is now available and our demand should not force the Center to refuse or bump out-of-county residents.</p> <p>Workload indicator (W.3) Visitors processed should increase dramatically, as the facility will have increased secure meeting</p>	<p>space for residents and their families.</p> <p>Productivity indicator (P.4) Cost per client per day will be determined by the amount of clients served during the year. Wage negotiations also play a part in determining the overall cost of caring for a resident.</p> <p>Effectiveness indicator (E.1) Escapes from Detention is an area staff spends countless hours working on to stay proactive. It is hoped that there will be no hidden surprises in the functioning or design of the addition. (E.2) Special incidents requiring staff intervention will be minimized by training and enhanced security, but will undoubtedly increase due to the number of residents. (E.4) Average length of stay per resident will be impacted by new caps on the Mental Health Institute, State Training School, and residential treatment. A percentage of youth that cannot be placed in state custody or treatment will need to be detained. It is hoped these caps will be eased in the future. (E.5) Revenues collected will increase as a result of grants and reimbursements, which are based on client usage and an increased overall budget.</p>

SERVICE AREA: Court Services	PROGRAM: Court Support Costs (23B)
ACTIVITY: Court Proceedings	ORGANIZATION: Non-Departmental

PROGRAM MISSION: The Alternative Sentencing program is designed to provide community service workers through the court system by implementing the successful completion of their sentences. Court Support costs also includes associated Grand Jury expense.

- PROGRAM OBJECTIVES:**
1. To perform 55,000 hours of community service.
 2. To maintain completed community service sentences at 73%.

ANALYSIS:

Total FY04 appropriations for Court Support costs reflect funding requested to support the Alternative Sentencing Program directed by the Safer Foundation of Iowa. Program funding is paid 50% - 50% by the 7th Judicial District and Scott County. The requested budget for FY04, Contributions to Other Agencies, \$22,545, is \$21 less than FY03. The Service Coordinator's hours have been reduced from 40 to 35 because of state budget cuts.

There is no revenue attributed to the Alternative Sentencing Program. There are no organizational change requests.

Several PPB Indicators highlighted are as follows: Demand is controlled by referrals to the program from judges, magistrates, and the Batterer's Education Program.

Workload indicators directly respond to demand. (W.5) Withdrawn community service sentences are those not completed as parole or probation has been revoked and the offender has been incarcerated. The Service Coordinator continually works with probation and parole officers to determine if community service has been completed or if the order should be withdrawn.

Placement difficulties will continue to impact productivity cost indicators. Many clients are proving more difficult to work with and many are mentally challenged.

There are no budget issues identified for further Board review during the budget process.

There are no revenue sources associated with the Alternative Sentencing Program. Revenue sources found under Court Support Costs 23B are:

- 1) Juvenile Justice County Base Program Reimbursement - offset by expense line Juvenile Justice Hearing Expense
- 2) Court Appointed Fees - payments from adults and juveniles for a court appointed attorney, and
- 3) Refunds & Reimbursements - payments for court costs.

Contributions to Other Agencies is the only appropriation line item associated with the Alternative Sentencing Program.
