The Maternal Health (MH) Program is part of the federal Title V Program. It is delivered through a contract with the Iowa Department of Public Health. The MH Program promotes the health of pregnant workmen and infants by providing or assuring access to prenatal and postpartum health care for low-income women. Services include: linking to health insurance, completing risk assessments, providing medical and dental care coordination, providing education, linking to transportation, offering breastfeeding classes, addressing health disparities, providing post-partum follow-up, etc. Dental care is particularly important for pregnant women because hormone levels during pregnancy can increase the risk of oral health problems.

PROGRAM DESCRIPTION:

The Department of Health and Human Services is a comprehensive human service agency providing a broad range of services to some of lowa's most vulnerable citizens. Services and programs are grouped into four core functions: Economic Support, Health Care, Supportive Services, Child and Adult Protection and Resource Management. The focus of these services is to assist this population with achieving health, safety, and self-sufficiency. The programs HHS provides are federally mandated and are supported by federal, state and county funding. A percentage of the county funding is reimbursed quarterly through the Local Administrative Expense (LAE) reporting (federal).

Certain juveniles are eligible to be supervised in the community through an "In-Home detention" program as an alternative to secure detention. JDC staff can supervise these juveniles in the community through random phone calls and home visits. Studies show that juveniles are less likely to commit crimes if diverted into a community-based, detention alternative program.
