Agenda topics

Call to Order-Introductions

Discussion:

Everyone introduced themselves.

Minutes of the April 28 Meeting

Discussion:

Dave Donovan motioned to approve the April 28, 2017 meeting minutes and Richard Vermeer seconded, the motion passed.

Discussion:

Homeland Security/EMA/IMT Report

Discussion:

Dave Donovan reviewed the May 10 Full scale Maritime exercise for the group, specifically from the perspective of those working in the EOC. Civil Air Patrol participated for the first time and demonstrated their live video and photography capabilities; this new capability was highly valued and will be used as often as possible during exercises and real life events. Over 40 organizations were represented in Unified Command during the exercise. One potential area for improvement that was discussed involved the Joint Information Center; the PIOs were not able to put out quality products while also trying to adjust to the time jumps that were built into the scenario. Future scenarios may need to be designed without the addition of time jumps specific to the PIO group. Dave Mentioned the AAR is still in the production phase, but would be sent out to those that participated when it is completed.

Dave also discussed the Salamander printers and software that were recently purchased by both Scott County and Rock Island County EMA. Salamander would allow the counties to pre-credential responders before an emergency; this software could also be used as a time tracking and patient tracking resource on scene. Dave would like to create a committee that would be responsible for writing the policies that would be used during the roll out of salamander Quad City wide.

Jerry Mentioned that he would be applying for the Maritime grant (totaling \$25,000) fairly soon, they are considering buying drones for the PD in the area.

Exercise/Drill Calendar

Discussion:

Rescue Task Force Training June 12-14th in Jones County

Tabletop exercise for the airport is scheduled for June 7th in the airport conference room

Full scale airport exercise is scheduled for June 24th

Buffalo PD is hosting AWR-147 Railcar Incident Training August 5th

PBR-211 Medical management of CBRNE events-TBA Two of these two day classes will be held, one class will be held in Clinton County and the other class will be held in Scott County

Disaster Awareness course for elected officials will be provided in Polk and Scott Counties. The Scott County version will be offered on Sept. 13

Operations Section Chief will be offered at SECC on January 8-12

TEDCON in East Peoria August 24-25

April 19, 2018 Augustanna Mass Casualty exercise

Chlorine Response training hosted by the Chlorine Institute being held on July 11-13 (repetitive courses)-
3420 Miller Avenue

SECC Update

Discussion:

Denise Pavlik reported they continue to meet to work on the protocols and determining the level of response required and resources needed to achieve the appropriate response. Denise also reported that they continue to work through the radio study to create a footprint on how they envision the system. Once that is completed they will be creating a RFP.

Healthcare Coalition Report

Discussion:

Denny updated the group on the Clinton County Coalitions current activities in Bethany's absence. Clinton County is currently focusing on spending down their remaining grant funds and closing out the last of their deliverables before July 1.

Scott County is engaged in similar activities.

Denny updated the group on the Service Area 5A activities, which mainly involves financial aspects of the grant and voting on the executive board makeup.

Other Hospital/Healthcare Reports

Discussion:

No hospital report

Dave discussed the efforts of The Scott County Health Department and EMA to work with extended care facilities to meet the new CMS requirements that go in affect in November. The goal is to meet with these facilities once and facilitate a table top exercise that can be used to steer these organizations in the right direction.

EMS Report

Discussion:

Kevin Lange reported at the SCEMSA meeting discussion was held on the HEARTsafe Coalition and their activities in the community to increase hands only CPR in the Quad Cities and picnic plans.

Dr. Vermeer added the PAB Board strongly supports the community CPR initiative.

Fire Service Report

Discussion:

No Fire Report

Law Enforcement/TSA/Intel Reports

Discussion:

Jeff thanked the group for assisting with the dissemination of the Lock-it-up campaign information to community; he was impressed with how far spread the information had gotten in such a short period of time.

Education Report

Discussion:

The most recent Paramedic class completed all course work on May 29th.

Augustanna is looking at putting True Armor on their glass in buildings in predesignated areas. True Armor is a coating that goes on glass that helps prevent it from shattering due to flying debris. This coating will help to prevent glass from shattering and being propelled inward during extreme weather events.

Other Public/Private Sector/COAD Reports

Discussion:

Gayle discussed the upcoming VRC exercise that is scheduled for later in June.

Gayle also mention that the COAD group has been working on getting a donations management group together and detailed how they are attempting to find a faith based organization to take on a leadership role in terms of housing, sorting , and distributing donations during an event.
