

These ROW plats were scanned from Road ROW books maintained by the Scott County Secondary Roads Department. They were scanned April/May of 2007 in support of the Scott County GIS Parcel Conversion project.

Individual scans are named according to the following syntax: Section_Township_Range_Project Number. Note that all townships in Scott County are North of the base line (40th parallel) and east of the 5th Principal Meridian.

Sample: 29_80_5_S-618-5-B.pdf is

- *Section: 29*
- *Township: T80N*
- *Range: R05E*
- *Project #: S-618-5-B*
